AKANKSHA PANDEY

Product Designer
akankshapandeyy04@gmail.com | Returns wealth app | +918707524462 | Linkedin

PROFESSIONAL SUMMARY

Product Designer focused on growth at Returns Wealth, owning critical journeys across onboarding, activation, subscriptions, referrals, and communication. I moved from jewellery design into FinTech, adapting quickly to a complex digital ecosystem and learning to balance user needs, business goals, and compliance. My background in physical design gives me a distinct perspective on craft, systems, and detail. I bring that tangible design thinking into digital products to create interfaces that feel intuitive, thoughtful, and fresh.

WORK EXPERIENCE

Returns Wealth **(**Fast-growing algo investing platform built for retail investors **) -** *May 2025 - Present*
Design Intern to Product Designer (1.5 Yr Exp)

- **20% Higher Early Activation:** Redesigned algo discovery with personalized filters, search, and improved algo cards, increasing activation within the first 5 minutes by **20%**.
- **First 60-Second Onboarding:** Simplified a complex, first-of-its-kind retail algo product to build understanding and trust quickly, guiding users from onboarding to algo activation.
- **Revenue & Upgrade Funnels:** Owned subscription and multi-stage upgrade journeys, personalized across ICPs, plan states, and user lifecycle stages.
- **Referral-Led Growth:** Designed the referral product end-to-end, contributing to nearly **30% of user acquisition**.
- **Cross-Channel Communication:** Built clear, segmented communication across in-app notifications, WhatsApp, and Telegram for both Research and Algo users.
- **Financial Education:** Created story-led experiences that simplify algo trading, stocks, futures, and intraday concepts for retail users.

Indriya (Aditya Birla Group) : *Jan 2024 – Jun 2024*
Design Research & Strategy Team (5 Months Exp)

- Conducted regional research across Bihar, West Bengal, and Gujarat to understand local design culture, jewellery preferences, and retail behaviour. Translated insights into market-specific collections successfully launched in Bihar and Gujarat.
